COVID-19
## (Coronavirus)

Phase 4

Information for Bermuda-bound Travellers

We look forward to welcoming visitors and returning residents to Bermuda starting 1st July 2020.
Our island home has always been a precious resource set apart by its geographic location and way of life. Over the past few months, we've been dedicated to protecting our community and pristine destination for our residents and guests to enjoy for years to come. When you are ready, we look forward to extending a warm welcome.

PRE-DEPARTURE:

Prior to departing for Bermuda, travellers must:

- Complete the Bermuda Travel Authorisation process online which gathers important information for the island's health and immigration officials; a $75 fee is required which includes the cost of COVID-19 testing in Bermuda

- A visitor must take a certified PCR COVID-19 test ideally within 72 hours of departure, but no more than five days, and obtain a negative result. This applies to adults and children 10 years-old and up. Children under age 9 are exempt.

- Bermuda residents are not required to get a test before travelling to Bermuda.

- Wear face masks when travelling to the departure airport

- Wear face masks and practise physical distancing at the departure airport

A traveller should:

- A visitor should acquire health insurance covering illness outside of home jurisdiction to cover all health costs including those related to a positive COVID-19 diagnosis while in Bermuda. If this is not obtained, a visitor will be responsible for all health and accommodation costs if treatment and/or quarantine is required; including costs related to a positive COVID-19 diagnosis while in Bermuda.

- Pack a thermometer
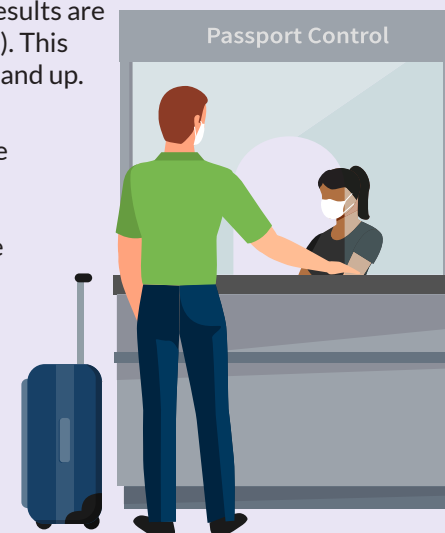

IN FLIGHT:

During flight, travellers must:

- Wear a face mask while on the plane
- Practise physical distancing to the greatest extent possible

UPON ARRIVAL:

Upon arrival, travellers must:

- A visitor must present a copy of the pre-departure COVID-19 test result.

- Undergo PCR COVID-19 testing at airport and quarantine at home or in your room at your accommodation until results are ready (turnaround time within 6 to 8 hours). This applies to adults and children 10 years-old and up. Children under age 9 are exempt.

- Travellers who do not have a pre-departure negative PCR COVID-19 test result must quarantine for three days after arrival. They will be tested on day three and will be released from quarantine with a negative test. If you did take a PCR COVID-19 test before departure, and receive a negative result during your first three days in Bermuda, you will be released from quarantine.

- Wear a face mask and practise physical distancing to the greatest extent possible.

Passport Control

ON-ISLAND EXPERIENCE:

When enjoying Bermuda, travellers must:

- Practice physical distancing, good hygiene and mask-wearing in all public spaces where there is close contact with others including all transport (taxis, ferries and buses). Simultaneously, we're working to increase contactless payment methods.

- Take your own temperature twice per day and report via online application or portal

- Take a COVID-19 PCR test, administered on day three, day seven and day 14 at easily accessible pop-up testing centres around the island. Appointments encouraged; no wait for results, and traveller is notified of results.

TAXI

COVID-19 POSITIVE TEST RESULT

If a traveller becomes COVID-19 positive, a close contact of a positive person, symptomatic or if a traveller is clinically diagnosed at any point, they will be subject to the Public Health (COVID-19) Regulations and will be quarantined or isolated, as appropriate at their home or in their room at their accommodation.

Persons who convert to positive or are suspect cases will be itted with electronic bracelet to ensure isolation/quarantine.
